

Ready for the future

**Secure, scalable and flexible
digital solutions for South Australia**

Your future

Ready for the future

In today's interconnected world, how you plan, manage and evolve your digital infrastructure is critical to the success of your organisation.

That's why, when competition is fierce and quality matters, you can count on YourDC.

As South Australia's leading solution provider, we're experts in creating secure, scalable and flexible digital environments where interaction, collaboration, and transactions thrive.

Locally owned, globally focused

Australian owned and locally operated, YourDC helps organisations to design, build, and maintain future-ready digital infrastructures. We also offer the State's most accredited and highest rated data centre facility, delivering unparalleled redundancy, premium performance, and supply chain peace-of-mind.

With YourDC, your organisation's core IT capability is safeguarded and always accessible, leaving you time to focus on what matters most. And, if you're struggling with ageing, unreliable assets, stretched resources, challenged IT security or sub-optimal performance, we're also here to help.

Transforming effectiveness, reducing risk

Underpinned by internationally recognised standards of quality and security, we work tirelessly to transform effectiveness and reduce risk for South Australian organisations of all sizes within all sectors.

Experienced and independent, YourDC brings a fresh, open minded approach to every customer. It's our mission to deliver high quality, flexible and financially viable digital solutions so your organisation can reach its full potential.

World leading solutions

YourDC's expertise centres on enabling South Australian enterprises and government agencies to maximise the success of their IT strategies.

Our offer includes best-in-class data centres — but our capabilities go far beyond.

YourDC's vendor-neutral ecosystem enables you to mix and match from a global network of the world's biggest cloud providers, carriers, and ICT service providers to create a fast, efficient and cost-effective solution.

Tailored solutions

Our team will review every aspect of your organisation's connectivity and digital infrastructure, then co-create a solution tailored to your needs. We'll also ensure it's a flexible platform that can be rapidly scaled and reconfigured as your needs evolve.

If building a cloud-based infrastructure is key to helping you achieve your future goals, YourDC is ready to assist. Whatever the scale and complexity of your cloud requirements, and however you want to integrate public, private, multi or hybrid, our experience and expertise will help you optimise your strategy.

Every step of the way

Whether you are managing your own platform, moving to a hosted platform, or utilising public cloud, YourDC is with you every step of the way.

We'll help plan, build, and maintain your digital infrastructure so you can focus on your core operational priorities and deliver fast, reliable connectivity for guaranteed business continuity and round-the-clock access no matter where you are.

What our clients say about us

YourDC has helped hundreds of South Australian organisations meet their full potential by optimising their digital capability — securely and flexibly.

Flinders University

“Securing our digital infrastructure to support our mission-critical systems and running all our applications through YourDC has enabled our in-house IT team to focus on our broader priorities. The team provided redundancy and peace of mind we simply couldn’t achieve on our own”

**Kerrie Campbell, Chief Information Officer,
Flinders University**

Sonder

“I like to think of YourDC as a partner rather than just another supplier. They align with our team and work with us to achieve a common goal. They’re genuine people committed to providing great service.”

**Owen Gale IT Services Technician,
Sonder**

Businesses and public agencies across South Australia have worked with YourDC to help them maximise their potential. Here's what some of our clients have said about our support for their organisation.

SAGE Group

"YourDC has strengthened our business continuity, reduced risk, supported performance and optimised customer service. Choosing YourDC to future-proof our digital infrastructure was a great decision for us to make."

**Jason Taylor, General Manager,
Business Services, SAGE Group**

Drakes Supermarkets

"YourDC's solution has meant we've been able to instantly scale our primary capability and build in an additional layer of redundancy while avoiding long wait times and significant build costs. The early deployment meant we were up and running on day one — with zero downtime."

**Phillip Romano, IT Manager,
Drakes Supermarkets**
